SECTION CLOSED
FEB 1 – JULY 15

This time of year a portion of the Cape Horn Loop Trail is closed to protect falcon nesting habitat. During these closure months you can turn around at any of a number of stunning viewpoints (shown on this map), giving you a choice of hikes ranging from 3 miles round trip if you turn back after *Pioneer Point* ("Tipping Tree") to 8 miles round trip if you go all the way to the trail closure barrier. *Nancy Russell Overlook* makes a good destination and picnic spot and gives you about 5 miles round trip.

DO NOT ATTEMPT A SHORT CUT BY WALKING ALONG SR14. IT IS EXTREMELY DANGEROUS FOR PEDESTRIANS.
